

A dual-arm extraction system for soldering applications.

The V 250 is a dual-arm, portable solder fume extraction system. It comes complete with two extraction arms and an easy-to-follow installation kit containing everything required to set up two operators with ease. The minimal installation allows for convenient relocation when factory layouts change.

FEATURES

- Simple installation
- Portable

Approvals: UKCA and CE

TECHNICAL SPECIFICATION

- | | | |
|----------------------|---|-------------------------------|
| 1. Control panel | 4. Clips | 7. Exhaust outlet |
| 2. On/off switch | 5. Hose inlet connection - 2.0" (50 mm) | 8. Remote speed control inlet |
| 3. Power cable inlet | 6. Feet | 9. Signal cable inlet |

PART NUMBERS - SYSTEM

Description	Part number
Powder-coated, 230 V No options	1U30351595-1209-7
Powder-coated, 230 V Installation kit	1U30351595-1209-4
Powder-coated, 230 V Installation kit and funnels	1U30351595-1209-8
Powder-coated, 230 V MEK filter	1U4665630351596-1209-01
Powder-coated, 230 V with FumeCAB 250	1U30351595-1287
Powder-coated, 230 V VAS	1U583230351595-1210-4
Powder-coated, 230 V VAS and installation kit	1U583230351595-1210-1
Powder-coated, 230 V VAS and MEK filter	1U5256930851596-1210
Powder-coated, 115 V USA plug and installation kit	1U10350595-1209

CUSTOMIZATIONS

Options

Power cables
Installation kit
Variable airflow speed (VAS)

Cabinet construction

Powder-coated mild steel (RAL9016)

Power cables

Type B
Type E
Type G

Datasheet correct at time of publishing. Where applicable, the carbon used in Donaldson BOFA systems is capable of removing a wide range of VOCs, however it is the responsibility of the user to ensure the carbon is suitable for their application. For specific applications, please contact us for details.

Important Notice

Many factors beyond the control of Donaldson can affect the use and performance of Donaldson products in a particular application, including the conditions under which the product is used. Since these factors are uniquely within the user's knowledge and control, it is essential the user evaluate the products to determine whether the product is fit for the particular purpose and suitable for the user's application. All products, product specifications, availability and data are subject to change without notice, and may vary by region or country.

Approvals: REACH and RoHS. See individual product technical data for specific accreditations.
